

LIDS AND COVERS

Murrumba Downs WWTP

RPC TECHNOLOGIES • WASTEWATER TREATMENT

Client: Murrumba Alliance
Completion: April 2010
Location: Murrumba Downs, Queensland, Australia
Description: Murrumba Downs WWTP – Odour Control Covers and Ducting

RPC Technologies was awarded the design and construct package by the Murrumba Alliance for the design, manufacture, delivery and site installation of approximately 1000 metres of Odour Extraction Ductwork. The ducting system, from 100 Ø up to 1650 Ø, was complete with column supports, ductwork clamps, control dampers, expansion joints and fittings. The ducting system was part of the total work package which included 3500m² GRP and Aluminium odour containment covers and a GRP exhaust stack 15m High.
